Easy-on PC

PC spirometer

Connecting patients to precise pulmonary care

n d d's PC-driven spirometer employs the interactive EasyOne Connect software to deliver rapid, accurate and reliable results. With compelling features such as live curve visualization, animated incentives and integration with leading EMR/EHR systems, the Easy-on-PC is the clear choice for PC-connected spirometry.

n d d's patented TrueFlow technology eliminates the necessity for calibration, saving time while producing precise and dependable results.

Simple. Certain. Proven.
